FEBRUARY 2012

## **Claws Cat Rescue will no longer be able to Operate at our current location !!!**

CLAWS CAT RESCUE will not dissolve it's 501 c 3 status, and will continue to be a rescue operation. We just can no longer reside at our current location as a public facility. Due to repetitive vindictive actions taken by others, we are again encountering senseless expenses. The end has come. We can no longer remain as a public open facility. We will operate as others in the area do. As an all foster system with outside adoption events. The overwhelming expense of trying to keep the facility in operation every time a person who has passed through here for all the wrong reasons, such as staff and board members who leave and seek vindictive revenge on our facility and these poor furry friends that we house. It is disgusting to even think that any individual would try and harm this shelter. We have done nothing but try and service the community and help these poor homeless animals, for this we are being degraded, fined and incurring expenses that we can no longer bear. Enough is enough. We do want to confirm that the township we currently rent from has nothing to do with this. They have been nothing but understanding of our operations. It is other existing authorities that continually try to ruin us. The thought that somewhat human beings have nothing better to do than try and destroy a good thing and the lives of these innocent animals that are rescued, housed here, safe and well taken care of. We too have always been there for the community, leaving available community service to our court systems, schools, many handicapped adult facilities and our youth organizations. This will all no longer be available either. Our most important priority at this time is to save the lives of all here. Get them all adopted out to forever loving homes, or foster them out until they can be placed in their forever home. We need to protect all of these wonderful furry friends that we have rescued. We are reaching out to you to help us save them.

## **Please Stand By Us !!!!!**

Through this major transition we will need your support and understanding. There will be many debts to clear, lots of cleaning out and work to be done here. We are not intending on removing ourselves from the property here until May unless it is beyond our control. We have had to retain our attorney to help us through this. We will have to retrain/redirect our methods of operation, adoptions, etc. We will continue the Cats Meow, continue rescuing, and having fundraising events. The adjustment will take time to get use to, but we ask you please stand by us. Many adoptive and foster homes will be needed as soon as possible. We will not allow anything to happen to one single feline friend in here. This decision was made in a short time, but we do feel it is the best decision for all our furry friends and Claws future well being. (business ads will post in our next newsletter, sorry)

## **ADOPTIONS:**

We will remain open seven days a week from 11:00 am-3:00pm to allow as many approved adoptions to go out. If you are able to ADOPT one more into your heart, or know of a wonderful forever home for one or more to be placed in, please let us know.

## **FOSTER PROGRAM:**

ALL Foster Parents will be fostering through Claws new Foster program. Each Foster parent will be supplied with everything necessary to Foster until we can find a forever home for your Foster kitty. We will supply the Foster home with dry food, can food, litter, litter boxes, toys, beds and crates if needed. If you can find the room to foster one or more, these kitty's will be taken to our outside adoption events, posted on our site and all other adoption sites, etc. We will also make sure all kitty's are vetted to the fullest. We have many loving kitty's here that would love to have the opportunity to share their time with you in a loving home temporarily. So please, if you can find a place in your home and your heart, feel free to let us know. We can fill you in on all the details.
